## DATA ANALYST

### PROFESSIONAL SUMMARY

Motivated and detail-oriented aspiring Data Analyst with hands-on knowledge of Excel, SQL, Power BI, and Google Sheets. Experienced in data cleaning, analysis, and reporting through real-world projects. Demonstrates strong communication, problem-solving, and analytical skills, with a proven ability to derive actionable insights from data to support decision-making.

### EXPERIENCE

#### Client Relations & Data Associate

*The Luxury Banyan Tree Resort | Kolkata    May 2023 – Aug 2023*

- Managed client engagement workflows, conducted requirement analysis, and maintained stakeholder relationships to drive business outcomes.
- Resolved client queries efficiently, ensuring high customer satisfaction and seamless communication.
- Consistently met assigned performance targets through strategic planning and data-driven execution.
- Tracked and analysed performance metrics and business trends to support data-driven decision-making.
- Recognised as Intern of the Month for outstanding performance and contribution to team goals.

### PROJECTS

#### Sales Data Analysis – Vrinda Store (Excel)

*Jan 2026 – Mar 2026*

- Analysed transactional data, customer trends, and product performance using Advanced Excel.
- Built interactive dashboards with pivot tables and charts to visualise key business metrics.
- Identified top-performing products and peak demand periods to support inventory and planning decisions.

#### SQL Data Analysis Project

*Jan 2026*

- Designed and executed SQL queries to manage and analyse structured datasets efficiently.
- Applied joins, aggregations, and subqueries to extract meaningful insights from relational data.
- Documented query logic and findings to ensure reproducibility and clarity.

### EDUCATION

#### Bachelor of Arts – English (Honours)

*Surendranath College, University of Calcutta    Sep 2022 – Apr 2026*
