ACADEMIC PROJECTS

Performance Management Study | HRM | Tools: MS Excel, MS Word

- Conducted a study on performance management frameworks, analysing appraisal methods, goal-setting techniques, and employee evaluation processes used across organisations.
- Prepared a detailed report comparing traditional and modern performance review systems, highlighting key findings on employee productivity, feedback mechanisms, and their impact on organisational growth.

Consumer Behaviour Analysis | Retail Management | Tools: MS Excel, MS PowerPoint

- Analysed consumer buying behaviour patterns in the retail sector by studying key factors such as demographics, purchasing decisions, brand preference, and seasonal trends.
- Presented findings through structured data visualisation and reports, identifying actionable insights on customer segmentation and product positioning strategies to support retail business decisions.

EDUCATION

Bachelor of Business Administration (BBA) | KLE Society's College of Business Administration, Dharwad |

Graduated: 2026
